

# Inside I cry I

1.

Every day I'm dying inside  
No girlfriend no girl at all  
I cannot live like this any more  
It feels like destroying my life

2.

Every day I think about kids  
I really want some children  
But I know I need a good girl first  
And to get to know her well

**Chorus:**

Inside I cry so much  
Outside I am so sad  
Don't say a man he can't cry  
'Cause sometimes he really need to  
And so do I

3.

Every time I see a girl  
I think go talk to her go get her  
But it's not easy anyhow  
I am not good at seducing her

**Chorus:**

Inside I cry so much  
Outside I am so sad  
Don't say a man he can't cry  
'Cause sometimes he really need to  
And so do I

4.

Happiness lost gone I can't find it  
Good girls they don't hang on trees  
And you don't just go grab lovely girls  
Be good be careful be nice

**B:**

||:Cheer up some day  
She's right in front of you  
And by the way take the change  
Don't let her pass you by: ||

**Chorus:**

Inside I cry so much  
Outside I am so sad  
Don't say a man he can't cry  
'Cause sometimes he really need to  
And so do I

**C:**

Come on kill my pain  
And make me happy girl  
Come on cheer up this song  
Come into my life girl
