Help Poland in bad days

1.

Poland is a land
That has been through
Enough horrible years
In 2. world war
In the cold war under Sovjet

Chorus:

Sad Poland people
Support them in terror situations
Sad Poland
Don't leave them behind

2.

So if some one
Only just touch
Poland please all help them
They've been through hell enough
We have a duty to help them

Chorus:

Sad Poland people
Support them in terror situations
Sad Poland
Don't leave them behind

El klaver solo:

3.

They are our allied
So just help them
Simply all just help them
Don't let them all die
Don't let them be suppressed by hell

Chorus:

Sad Poland people
Support them in terror situations
Sad Poland
Don't leave them behind

4.

The west failed Poland
Under 2. world war
And under the cold war
Don't fail them again
Help Poland if hell breaks out again

Chorus:

Sad Poland people
Support them in terror situations
Sad Poland
Don't leave them behind
